**The Kansas City Stock Yards**

Are the most commodious and best appointed in the Missouri valley. The fact that higher prices  
are realized here than in the east is due to the location at these yards of eight packing houses, with  
an aggregate daily capacity of 3,000 cattle and 37,500 hogs, and the regular attendance of sharp,  
competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati,  
New York and Boston. The eighteen railroads running into Kansas City have direct connection  
with the yards.
